Being a Christ Centered Community

In our 1/5/2025 service we reviewed the JourneyEC Vision Statement –

"To be a growing Christ-centered community that glorifies God and loves people"

and focused on the phrase "Christ-centered community". Why does it say community rather than church?

The word, church, has a lot of different meanings as it can be a place/geographic location, it can be an event, it can be a congregation, it can be an entity, and in some ways, can even be used as a verb! We want to focus on the community part of "church".

To be a community means that we are a part of one another-one body in Christ. And we care for one another. We rejoice when others rejoice, and we are sad when others are saddened. A Christ-centered community is a 24-7 way of living. It is the interaction between Christians at JourneyEC on a day-to-day basis. It is about being a part of each other's lives. It is MORE than 10:30 to 12 on Sunday. It's about being a community for each other all the time.

Many of us do this already! In some places of JourneyEC, there are text groups that communicate

praises and requests to each other in real time. There ARE groups that meet in fellowship—maybe in prayer—maybe in ping pong! A Christ-centered community is about loving and caring for each other. "We love because He first loved us".

Take a few minutes this week to contact folks both within our JourneyEC community and outside of it. Show love to each other. Care for one another. Let's build JourneyEC into a growing Christ-centered community.
